These are versions that I have learned..... there will be different ones out there, but these are the ones that we'll play in the Easy'n Slow Sessions at Ely

I have recorded samples of the tunes (at a gentle pace). You can find them on my website at <http://www.dauidsavagemusic.com/easytunes.html>

You will also find there a text document containing the tunes in ABC notation. You can download the abc document and then import it into a player such as **EasyABC** (freeware) which you'll find via Google. EasyABC allows you to play the individual tunes and there is a tempo slider at the top of the screen so that you can play them even slower!

* I have also added these 15 tunes into the original **Easy 'n Slow** tunebook 2020 so that if you haven't printed that yet, you can print them all together! Hope it helps!
